WHAT WE DO

The Genius 100 Foundation, where innovation meets compassion.

At Genius 100, we believe that when great minds come together, they have the power to change the world. Our North American-based non-profit organization is deeply committed to making this vision a reality, and our track record speaks for itself.

Using the collective knowledge and resources of our distinguished Genius 100 community, we have made a profound impact on the global stage. But we aren't just about funding - we're about collaborative problem-solving. We bring together the world's most accomplished and compassionate thinkers, dreamers, and innovators to reimagine the future. And then, we put those ideas into action.

We're dedicated to under-resourced humanitarian and environmental initiatives across the globe. We work hand-in-hand with NGOs in geographies around the world, providing them with the tools, knowledge, and support they need to enact real, lasting change.

Join us at our inaugural gathering in Italy. Because when you combine genius with a commitment to making the world a better place, there's no limit to what we can achieve together. We can shape a future that's brighter, more sustainable, and more equitable for all.

WHAT TO EXPECT

LOCATION

We cordially invite you to join us in the enchanting realms of Italy at the historical Castello di Tabiano. A place where time slows, and serenity abounds, Antico Borgo di Tabiano Castello is a Relais de Charme hotel where the allure of history meets the peace of nature. Nestled in the verdant hills of Parma, this ancient settlement whispers tales from a thousand years ago. The castle's origins trace back to the 11th century, springing from the ruins of a Roman settlement.

BREAKING BREAD

Our days revolve around meals, where the simple act of breaking bread together cultivates a fertile environment for sparking conversations capable of instigating change and where deep connections are made. The Old Dairy serves a seasonal selection of vegetables, fruits, and herbs straight from their garden and orchard. Breakfast boasts homemade cakes enriched by their own jam and eggs from our chicken coop, with a major portion of our food sourced from local producers.

IN SESSION

Our morning sessions delve into humanitarian issues, encouraging in-depth discussions and innovative solutions.

As the summit progresses, we will engage with the CEO of the International Center for Missing and Exploited Children (ICMEC). Our post-lunch breakout sessions allow for focused, dynamic exchanges that transform these insights into actionable plans.

OUTCOMES

But it's not all work - we intersperse our serious discussions with the company of special guests who add a dash of intrigue to our proceedings, making your G100 experience truly memorable.

The G100 Summit in Italy is more than just a gathering - it's a warm, inviting space where collaboration and creativity are welcomed with open arms. Join us to be a part of this vibrant, intellectually stimulating environment and make your mark on the world.

G100 IN LOS CABOS

ITALY - CASTELLO DI TABIANO

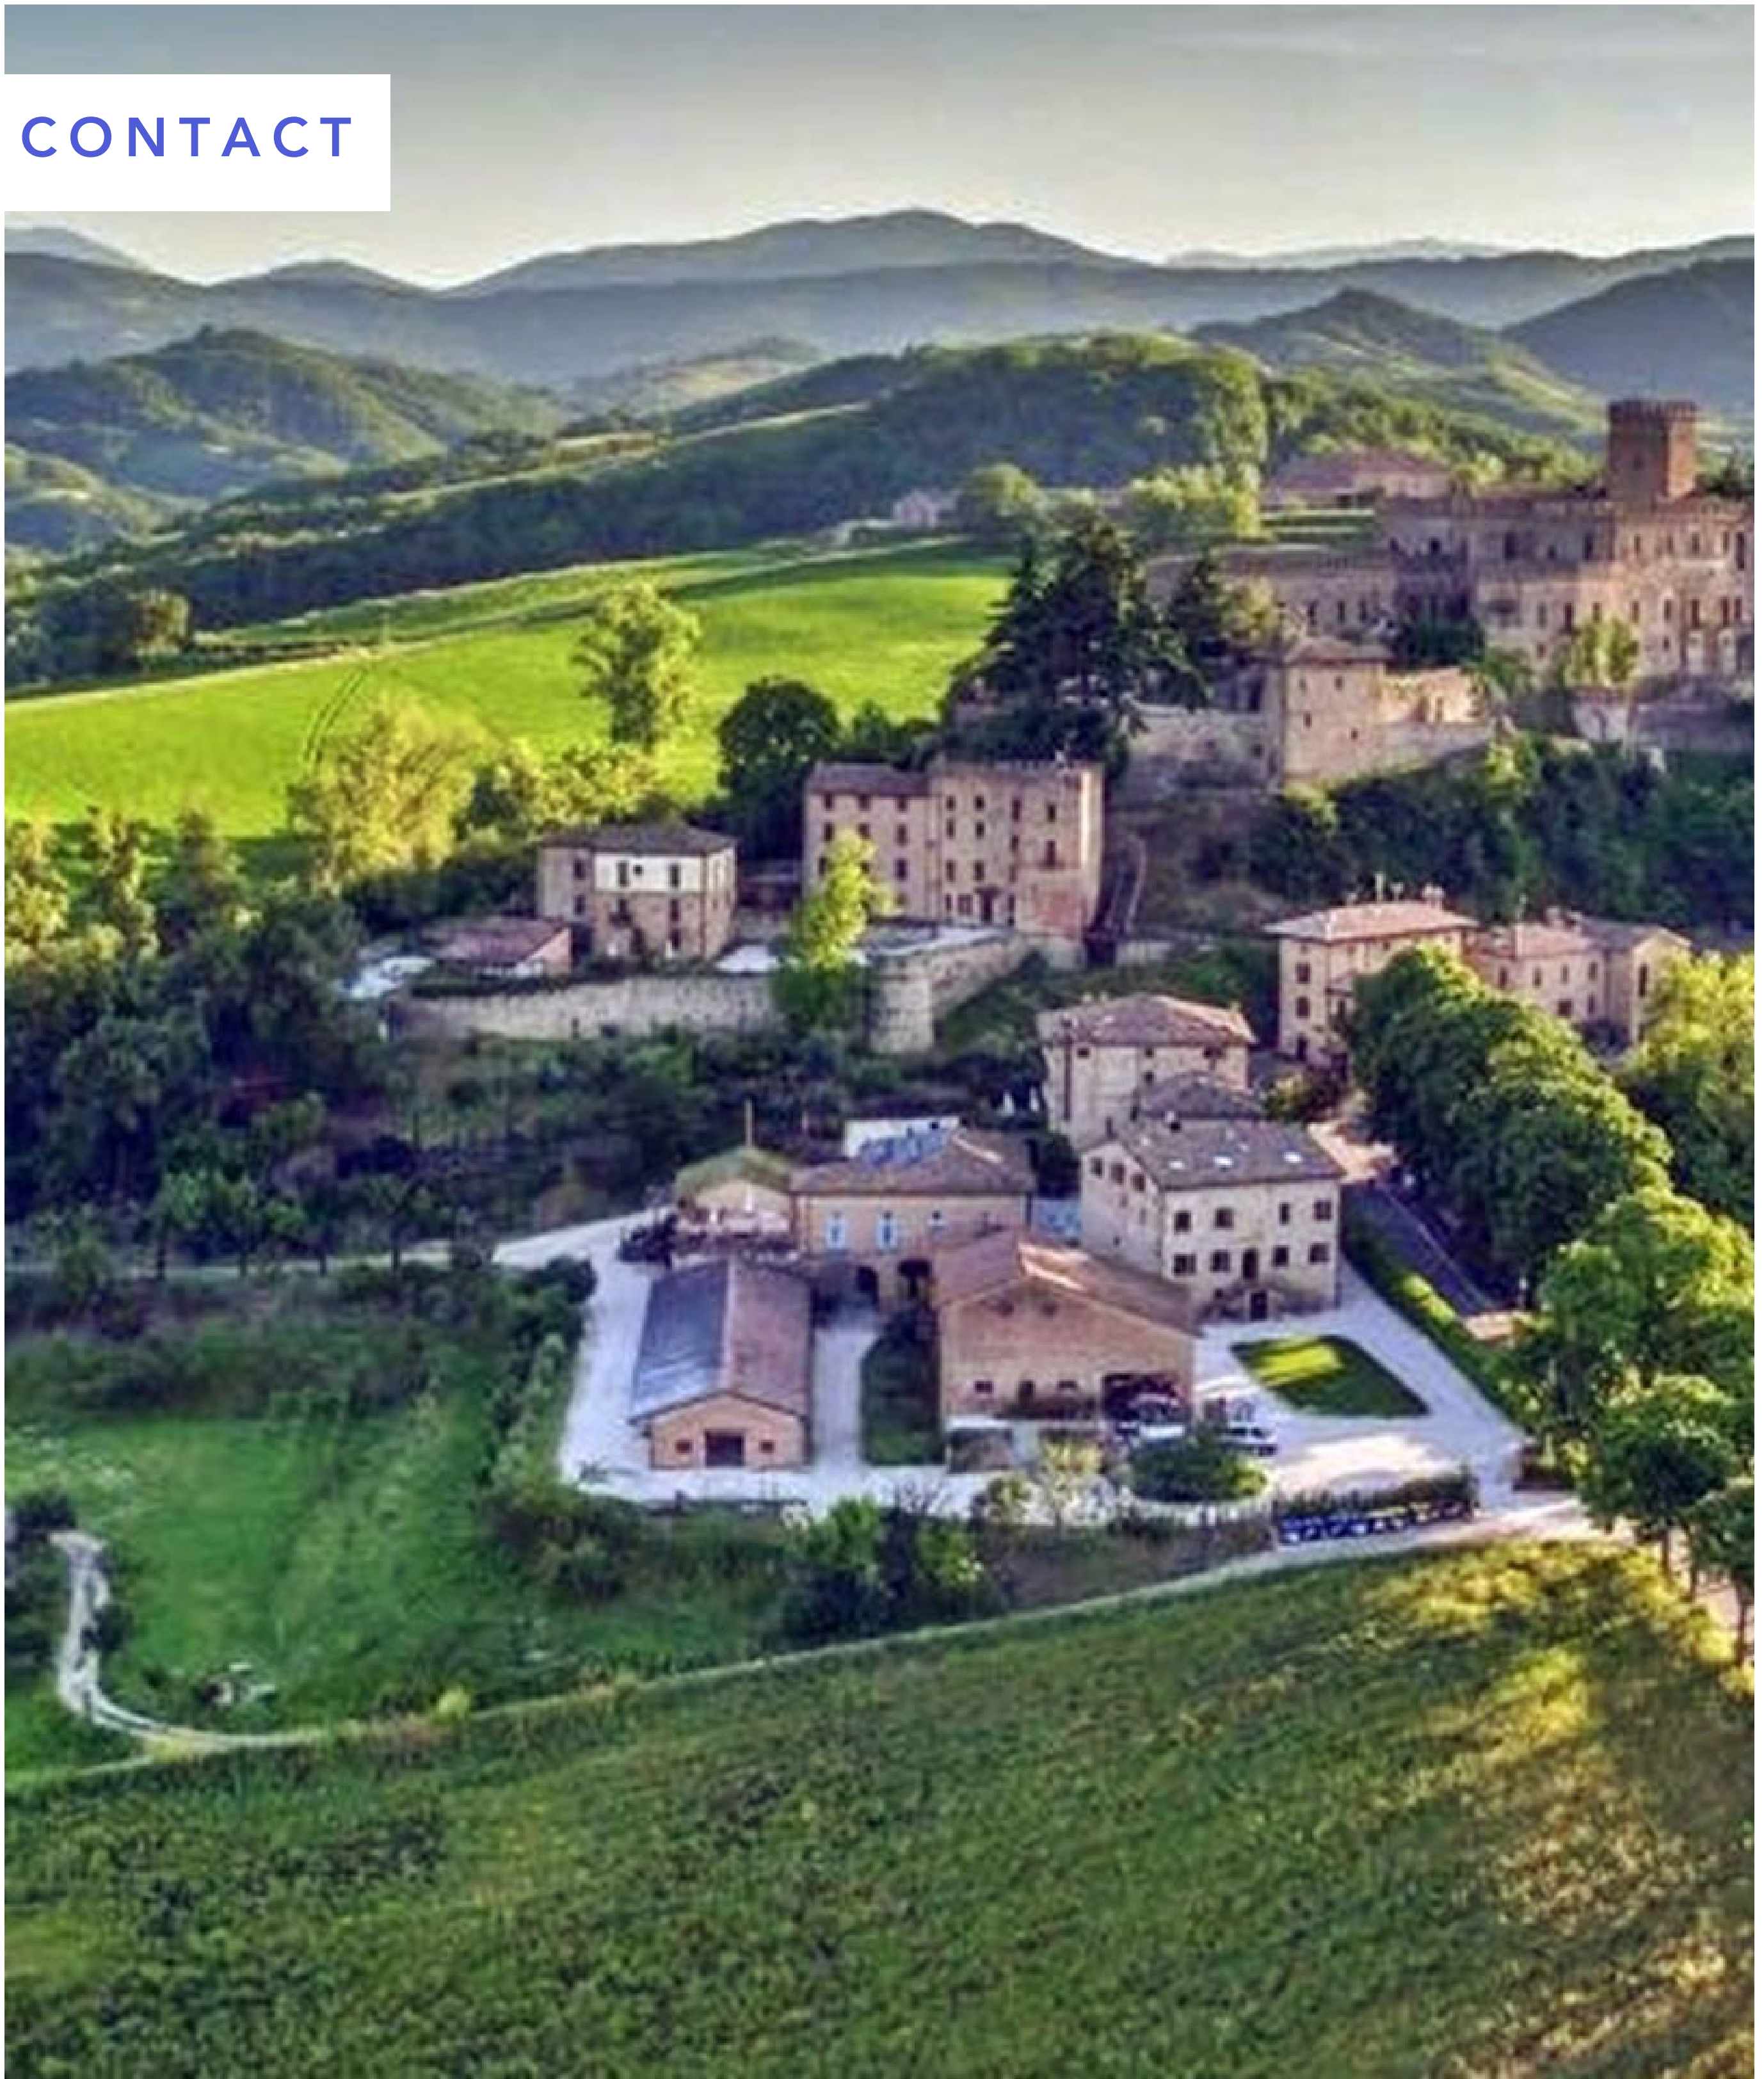

The “Antico Borgo di Tabiano Castello” is a Relais de Charme inside an ancient settlement with a castle nestled among the green hills of the province of Parma.

The Tabiano Castle has been at the centre of many historic events and presides over the rich salt wells, the olive groves and the old pilgrim road to Rome, The Via Francigena.

Embodying an unparalleled exclusivity in all of Emilia Romagna, the collective of Tabiano village, castle, surrounding farmhouses, and the castle itself offer a unique experience steeped in history and comfort.
