

The background image is a composite. On the left, a sculpture made of many thin, dark sticks is illuminated from below, creating a warm, orange glow. On the right, a large, illuminated sign with the letters 'G100' is visible against a sunset sky. The sign is made of large, blocky letters with many small lights inside them. The sign is reflected in a pool of water in the foreground.

# Genius

Inspired by Einstein

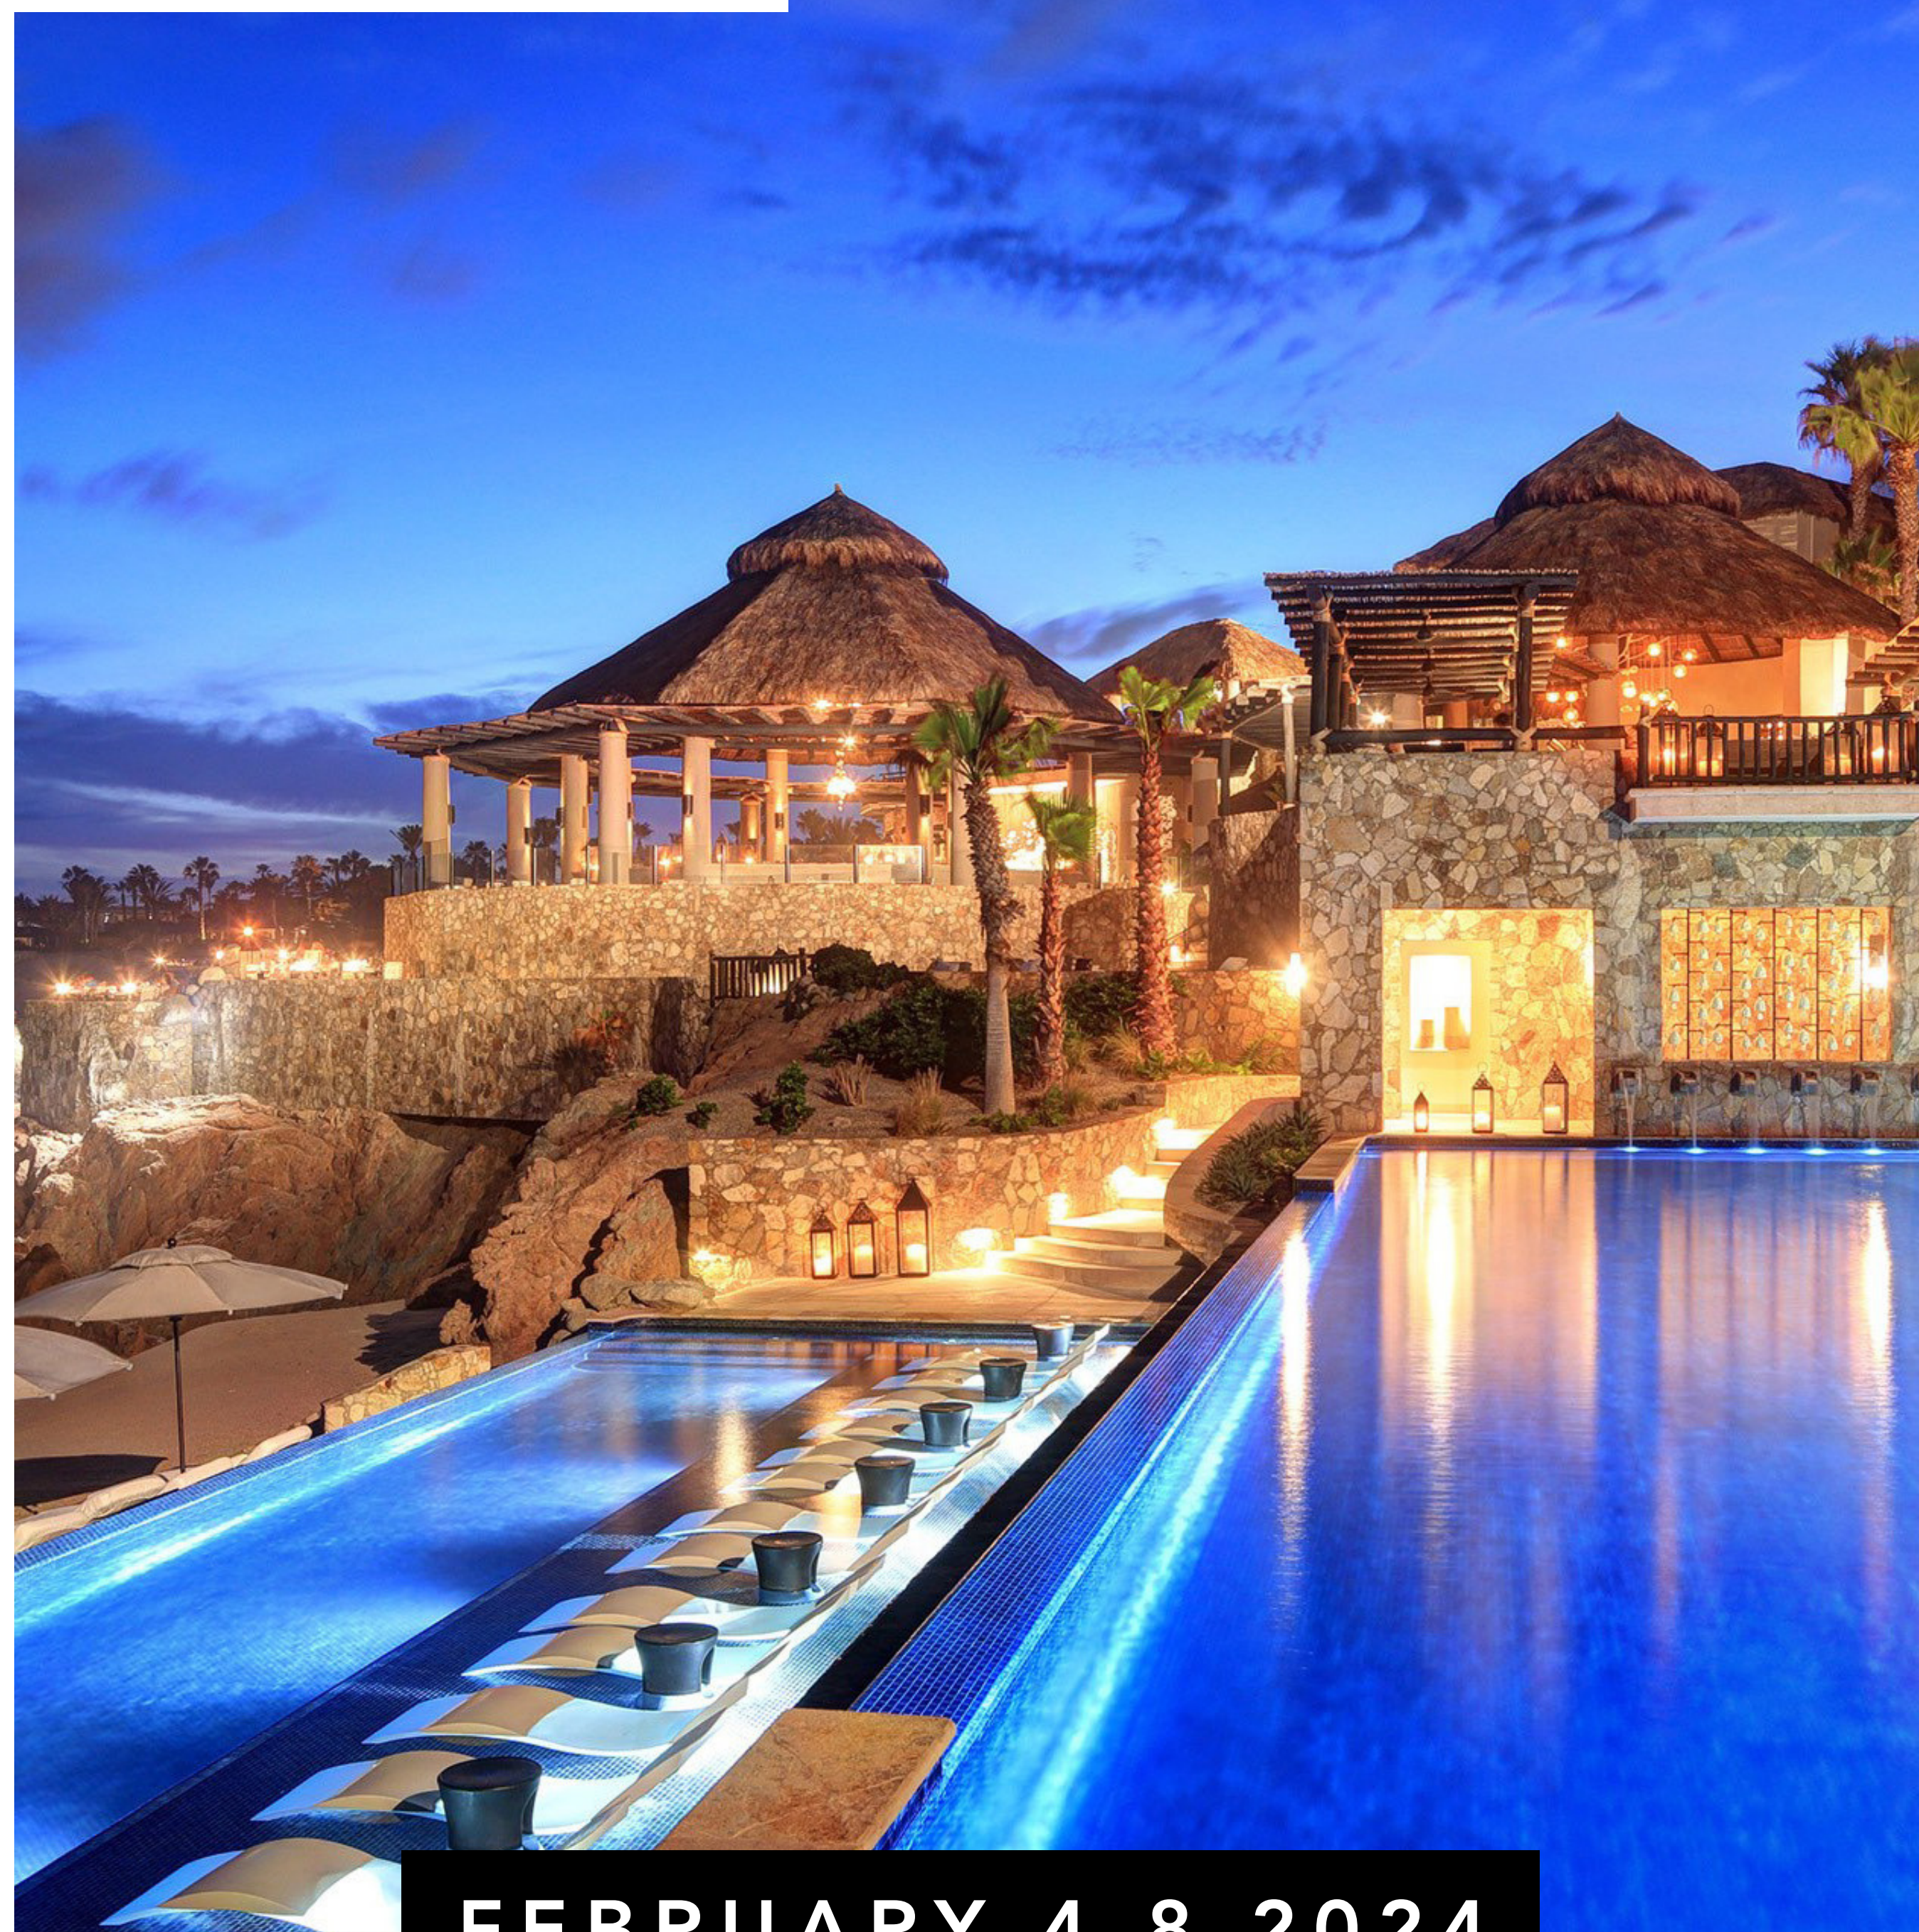

## WHO WE ARE

## WHAT WE DO

The Genius 100 Foundation, where innovation meets compassion.

At Genius 100, we believe that when great minds come together, they have the power to change the world. Our North American-based non-profit organization is deeply committed to making this vision a reality, and our track record speaks for itself.

Using the collective knowledge and resources of our distinguished Genius 100 community, we have made a profound impact on the global stage. But we aren't just about funding - we're about collaborative problem-solving. We bring together the world's most accomplished and compassionate thinkers, dreamers, and innovators to reimagine the future. And then, we put those ideas into action.

We're dedicated to under-resourced humanitarian and environmental initiatives across the globe. We work hand-in-hand with NGOs in geographies around the world, providing them with the tools, knowledge, and support they need to enact real, lasting change.

Join us at our annual gathering. Because when you combine genius with a commitment to making the world a better place, there's no limit to what we can achieve together. We can shape a future that's brighter, more sustainable, and more equitable for all.

Helen, Hilarie, Ido, Rami  
G100 Foundation

## WHAT TO EXPECT

### LOCATION

Picture this you arrive at a G100 Summit event in the breathtaking natural splendor of Los Cabos. From the moment you set foot on this beautiful landscape, the majesty of the Sea of Cortez envelopes you. Witness the grandeur of whales breaching the surface, continuing their ancient migration pattern against the backdrop of serene shorelines. This exquisite spectacle of nature sets the tone for the transformative experience awaiting you.

### BREAKING BREAD

Our days at the summit revolve around meals, where the simple act of breaking bread together cultivates a fertile environment for sparking conversations capable of instigating change and where deep connections are made.

### IN SESSION

Our morning sessions delve into pressing humanitarian and climate issues, encouraging in-depth discussions and innovative solutions. As the day progresses, our post-lunch breakout sessions allow for focused, dynamic exchanges that transform these insights into actionable plans.

### OUTCOMES

But it's not all work - we intersperse our serious discussions with the company of special guests who add a dash of intrigue to our proceedings, making your G100 experience truly memorable.

The G100 Summit in Los Cabos is more than just a summit - it's a warm, inviting space where collaboration and creativity are welcomed with open arms. Join us to be a part of this vibrant, intellectually stimulating environment and make your mark on the world.

## LOS CABOS - ESPERANZA

Esperanza is the only private beach resort in Los Cabos, Mexico.

During our robust conversations in our open-air palapa, we will hear the waves crash along the rocks, sending salty spray into the air warmed by brilliant sunshine.

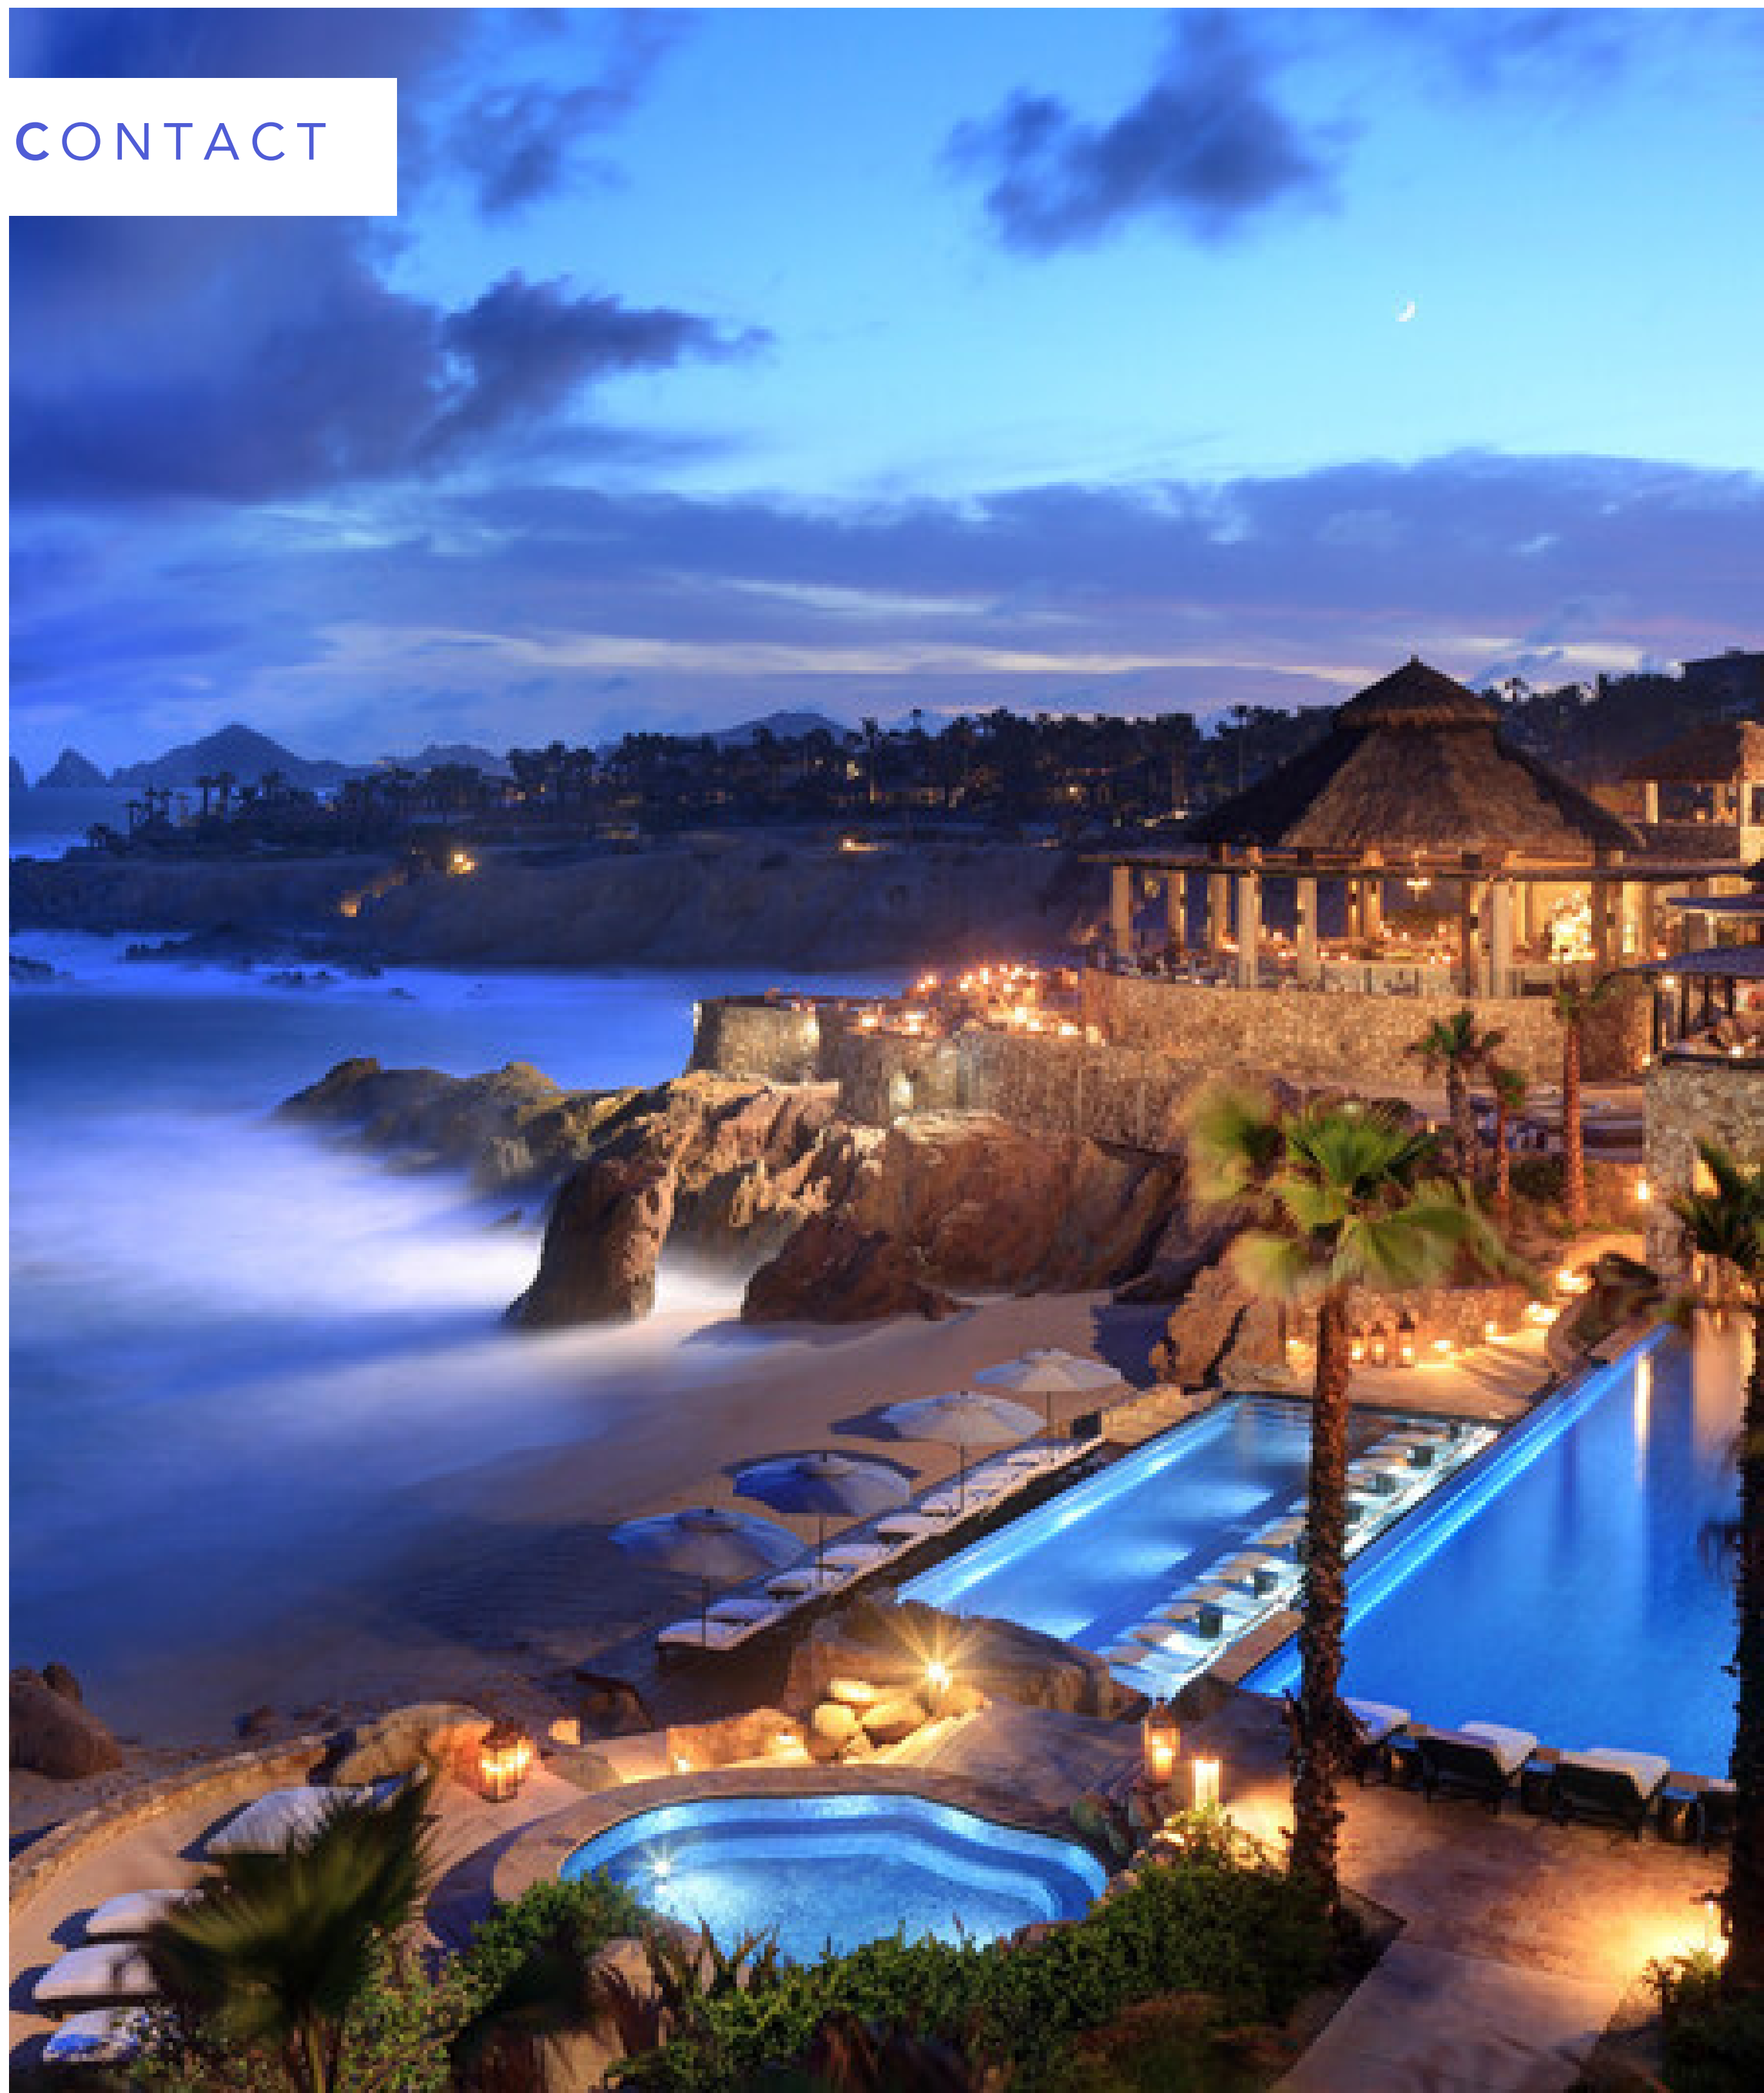

Every day, whales migrating in the gentle waters of the Sea of Cortez can be viewed using binoculars available in your room.

We will experience an array of spectacular dishes delivered with artful presentation and earnest passion for culinary excellence.
